Why ViewZ

New & Exciting Technologies, Proven Performance, Reliability and Dedication to Support

ViewZ is a leading designer and OEM manufacturer of premium video and display solutions for professional installations. For nearly 15 years, our commercial-grade LCD and LED monitors have earned the trust around the world in commercial installations.

ViewZ specializes in the security and digital signage markets, offering over 100 monitors from handheld service units to large scale video-wall displays.

Our monitors utilize the latest in LED backlight technology and include unique features such as heavy duty metal housings, integrated rack mounts, full HD and 4K resolutions, and IP connectivity to multiple devices.

Unlike consumer models, ViewZ monitors are engineered for continuous usage and backed by our industry leading 3 year advance replacement warranty. ViewZ is also focused on offering private labeling and currently provides this service for a number of globally recognized commercial brands.

Professional Monitors

Grade "A" Panels, 24/7 Operation and 3 Year Factory Warranty

ViewZ monitors are built with commercial grade "A" panels that have superior color reproduction and much higher reliability. Built to run 24/7, ViewZ monitors are made to last and backed by our 3 year factory warranty.

Mounts

Universal mounting solutions for a variety of installations

The ViewZ mount lineup includes various styles to accommodate most commercial installations for all sizes of monitors. ViewZ mounts are also designed for ease of installation and adjustment.

Custom Design

One size does not fit all

The design and features of ViewZ monitors are created with the user and integrator in mind, but we understand that sometimes a standard model will not cut it. Whether an OEM design or project based, ViewZ will do everything possible to help make this product a perfect fit for you and your customer.

Pioneering Innovative IP-Based Display Solutions

IP PVM

The industry's first 1080p IP public view monitor

With 4x the resolution of analog-based public view monitors, ViewZ IP-based PVMs deliver instant ROI by undisputedly enhancing workplace safety, asset protection, fraud prevention and digital advertising

iPM

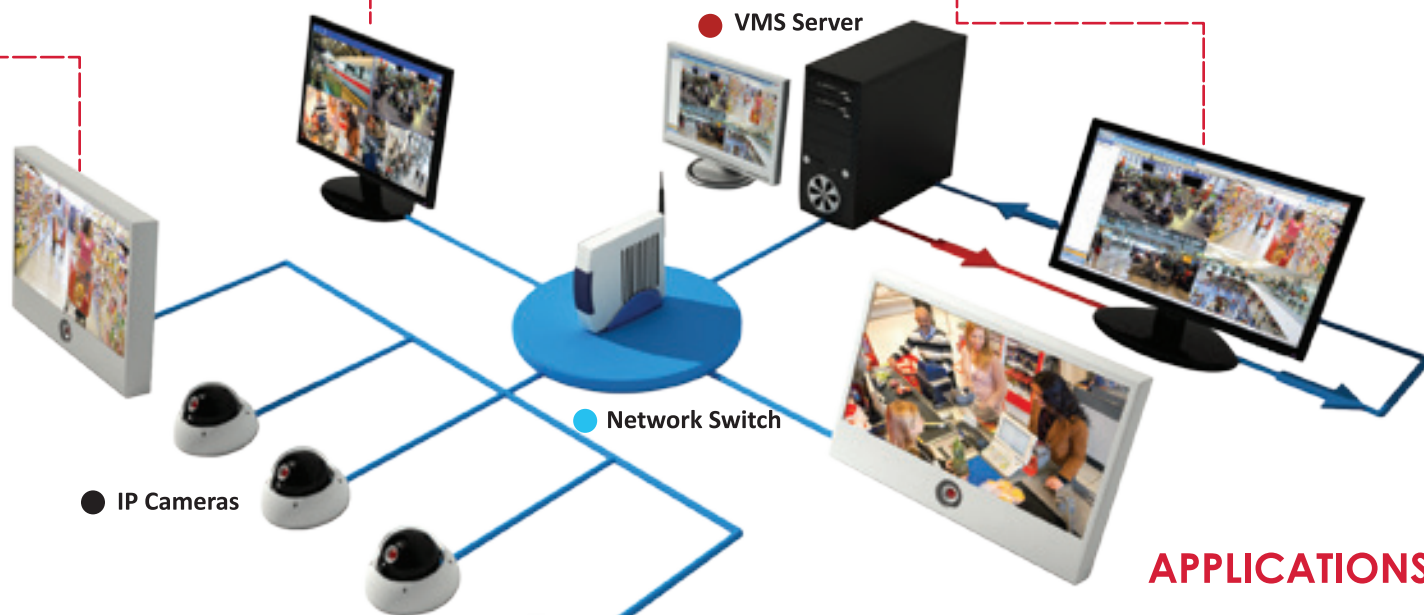

Cost Effective All-In-One Remote Viewing Solution

The ViewZ IP Monitor with onboard Android OS connects to your VMS / NVR or IP cameras for streaming live video. Eliminate the need for a client PC with a simple all in one solution. Install the android app of your choice and you're good to go!

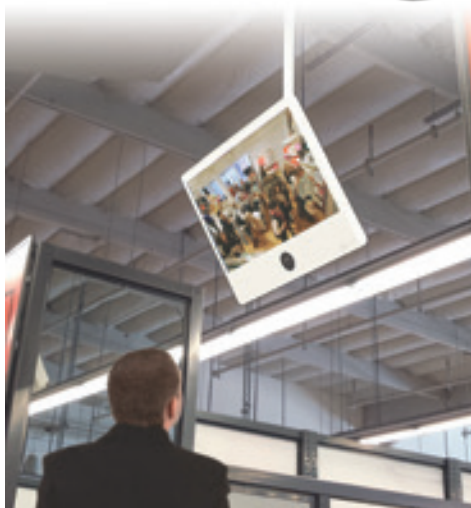

D2iP

Record anything and everything on your screen

Plug in HDMI to this monitor to display and encode your video over IP, an ideal solution for storyboarding in loss prevention or for user monitoring. The monitor is enrolled into your VMS/NVR as if it was a camera and connects through ONVIF or RTSP protocols.

APPLICATIONS

NL 12-18mm Bezel
series

Video Wall Monitors

*Thin Bezel Monitors for
Seamless Video Wall Displays*

UNL & NL video wall monitors display brilliant HD images across multiple monitors with nearly seamless gaps between the screens. Designed to work with the ViewZ PRO series video wall controllers and DSM series digital signage controllers.

UNL 3mm Bezel
series

Digital Signage / Video Wall Controllers

*User-Friendly, Scalable & Powerful Digital Signage &
Video Wall Controllers with Maximum Reliability*

ViewZ DSM series digital signage & PRO series video wall controllers are built to deliver maximum performance, reliability and user-friendliness. DSM & PRO series controllers can be controlled remotely from a central location via CMS software that also has the ability for multi system/site management.

PRO series

DSM series

HD-SDI Solutions for HD recording over Coax

Real-time 30FPS and Hybrid (SDI/Analog) Series

ViewZ DVRs are a cost efficient solution for bringing 1080p HD resolution to your security environment. Utilizing legacy cable and BNC connectors, HD-SDI is a simple but impactful solution for commercial and residential purposes.

HD-SDI Cameras
